

DEVELOPMENT OF THE ROUTE NETWORK

The International Air Transport Association ('IATA') forecasts a twofold increase in the global demand for passenger services over the next twenty years

PERSPECTIVE MARKETS

(population million people 2017)

Over the last ten years, the size of air traffic market in Kazakhstan has doubled and in 2017 stands at 7.4 million passengers (2007: 2.7 million passengers). In respect to the total transportation market within Kazakhstan, air transportation now contributes a larger proportion of passenger movements than 5 years ago
